

Ringer Windows, Inc.
Elite 5400 Limited Installation Warranty

SECTION 1 – WHAT IS COVERED

Subject to all terms herein RINGER WINDOWS, INC. (“Ringer Windows”) warrants to the original consumer purchaser (“Owner”) of its installation services that the workmanship of Ringer Windows will substantially conform to generally accepted installation practices. Ringer Windows reserves the right to employ installation methods and practices that it believes, in its sole discretion, to be equal to or improve upon generally accepted installation practice, or might be otherwise reasonably necessary to effect the installation covered under the terms of this warranty.

At its discretion and subject to the exclusions below, Ringer Windows’ obligation under the terms of this warranty is limited to repair of workmanship conditions caused by Ringer Windows. The obligations under this warranty are limited, and specifically exclude, subject to the sole discretion of Ringer Windows, cash adjustments or credits. In the event Ringer Windows elects to provide serviced under this warranty, any such additional work shall not constitute a novation or otherwise create/extend additional warranties.

SECTION 2 – WHO IS COVERED

This warranty shall continue for a period of ten (10) years from the date installation was substantially completed. Unless otherwise agreed to by Ringer Windows or modified by purchase of inspections options, if any, this warranty shall operate only for the benefit of the Owner and may not be transferred or otherwise assigned.

SECTION 3 – WHAT IS NOT COVERED

This warranty only covers workmanship performed by Ringer Windows. This warranty does not include, and shall not cover any condition attributable to the failure to maintain, care for, or otherwise address the maintenance of Ringer Windows installation or the products installed.

- Inadequate installation or maintenance of building systems, including but not limited to sealants, caulks, trim, or flashings, that surround or impact the performance of the product(s) and installation(s).
- Any installation or material not performed/used by Ringer Windows. All warranties applicable to products or component parts utilized by Ringer Windows are passed through to the Owner.
- Any installation method, practice, procedure, or component arising after installation is substantially complete or not generally accepted for installation of window products within the State of Texas.

Products used during the installation of Ringer Windows may or may not have specific manufacturer warranties and those warranties are passed through to Owner. This warranty cannot be construed to endorse, confirm, or otherwise warrant the product(s) used in installation or augment, replace, modify, endorse, or re-warrant any products sold or installed.

Ringer Windows reserves the right to refund the service price in lieu of replacement or repair if in its discretion Ringer Windows determines repair or replacement is not practical. Where Ringer Windows determines to refund the service price, this warranty does not provide for or otherwise include labor or materials associated with removal, installation, integration, finish, and trim work necessary for any removal and replacement.
